Customs code for solar folding panels

Frequently Asked Questions

What is customs duty on solar panels?

According to TARIC, customs duty for photosensitive semiconductor devices, including photovoltaic cells whether or not assembled in modules or made up into panels; light-emitting diodes, code 8541409000, is 0%. In the HTS tariff system, the duty for solar cells assembled into modules or made up into panels (code 8541.40.60.15) is also 0%.

What is the duty on solar panels?

In the HTS tariff system, the duty for solar cells assembled into modules or made up into panels (code 8541.40.60.15) is also 0%. Such an attractive duty makes it profitable to import photovoltaic modules to both the European Union and the United States.

Where can I find HS code for solar panels?

By clicking "Find Related HTS Code" button above, you can find 6 digits universal HS Code (which is valid for almost all countries in the world) and declarable codes for EU, UK, USA, Japan, China, India and Turkey (e.g. 10 digits TARIC code for EU countries or HTSUS code for USA) of "photovoltaic cell solar panels".

How to import photovoltaic panels?

If you want to import photovoltaic panels, you should have at least basic parameters of the goods specified. Based on your requirements, the supplier will be able to suggest you the most suitable product. The country that ranked first in the production of photovoltaic panels in the world is China.

Can a photovoltaic cell be used for an export declaration?

Can be used for an export declaration. Photovoltaic cells assembled in modules or made up into panels; Examples: - Photovoltaic cells assembled in modules (500 watts, 1200mm x 600mm x 40mm) ...

What is the tariff classification of solar panels?

Tariff classification of Solar Panels. An ambiguity between 8501 (electric...generators) and 8541 (...photosensitive semiconductor device) Licenced Customs Broker, Bachelor of Law. With solar module prices fall, the demand for them is surging, prompted by government policies to accelerate the transition to clean energy technologies.
