Northern solar glass production

Overview

With PV module capacity ramping up, glass suppliers have been investing in new solar glass production capacity. As in India and China, new facilities are popping up in North America, with unique twists to ensure competitiveness, such as using recycled material. In the plan, a float line at the Pilkington North America, Inc. Such innovations not only increase the adoption rate of solar PV glass but also support the broader. NSG Group has commenced the warm up of a newly converted TCO (transparent conductive oxide) facility in the United States. The conversion represents a. Monterrey, N., on October 23, 2023 – Vitro S. (BMV:VITROA), a leading glass manufacturer in North America, announced today through its architectural glass business the expansion of its contract with the largest vertically integrated solar manufacturer in the Americas, First Solar.
